Notable features:

In 1839 a number of new two-story buildings were built along this side of Baltimore Street (the taxes show a building when it first appears on the rolls). Numbers 929 and 931 date from 1839. Number 931 has been modified by the addition of a mansard roof; both have lost their original store fronts but something of their character endures.

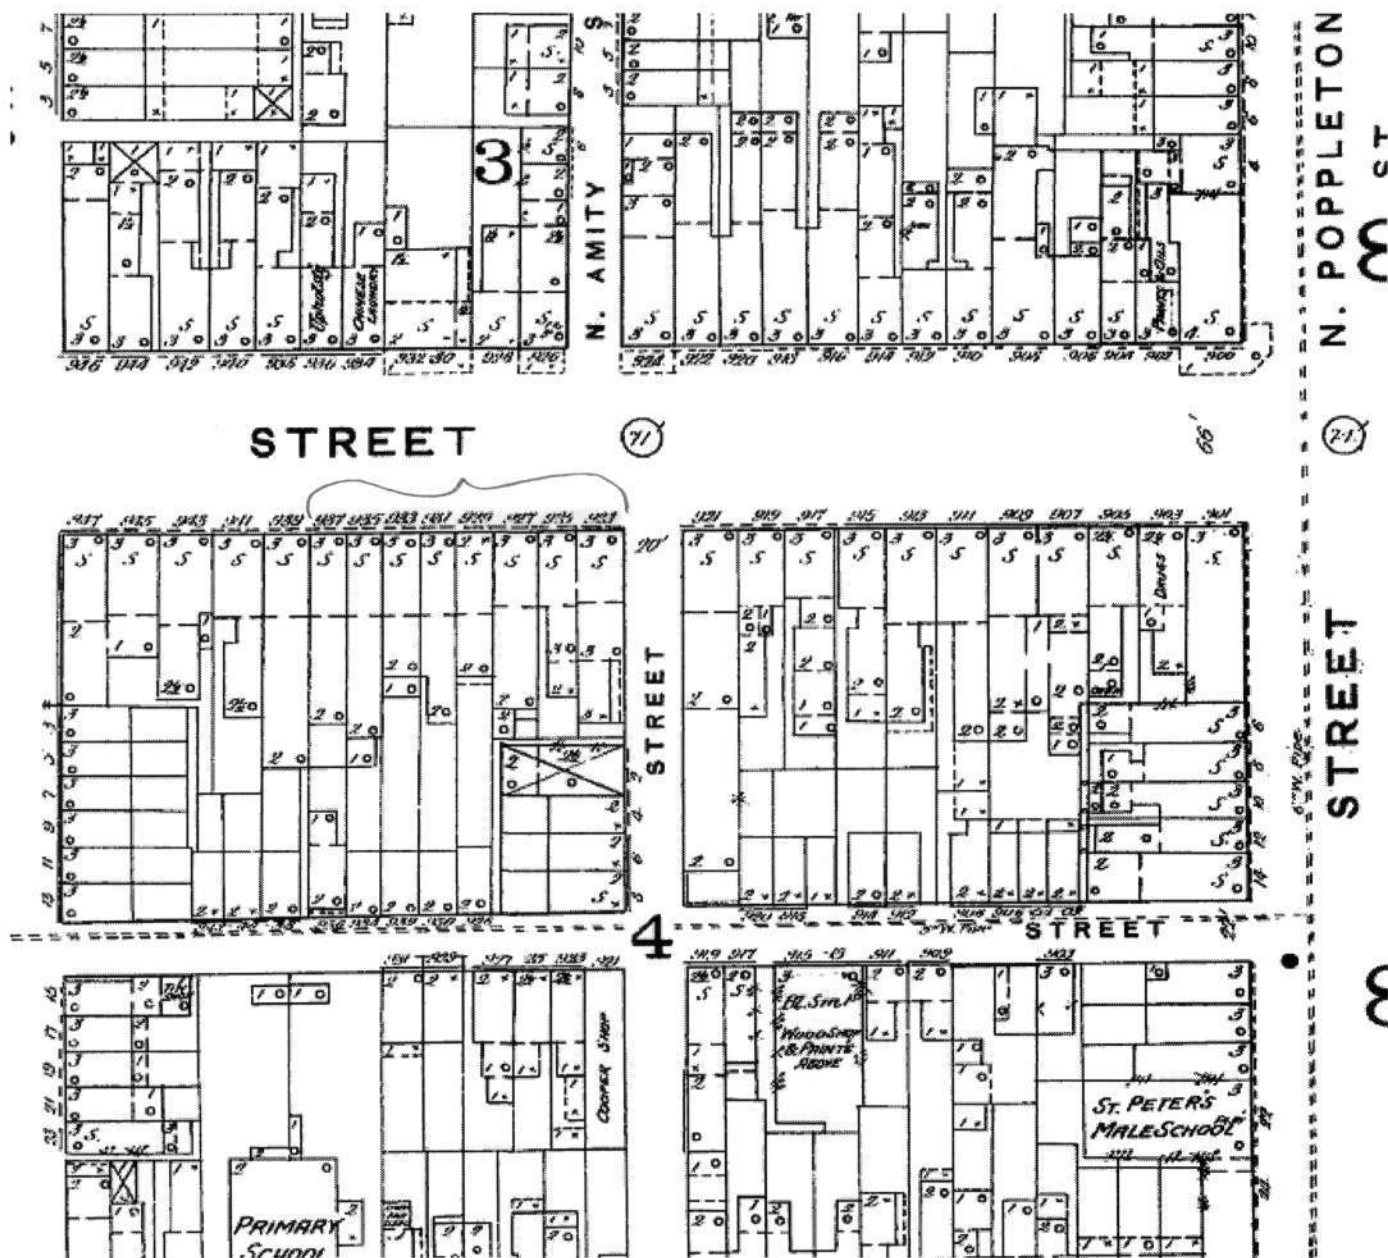

Environmental context:

The store front modifications, the garage door at 927 and the grille at 929/933 decimate the attractive scale of what must once have been a handsome row of shop fronts. Trucks for this side, but mostly for the across-street businesses, frequently obliterate the stores and snarl traffic. (See comment for 901 W. Baltimore Street.)
